

ECOLOGICAL SYNTHETIC RINK

**Looking for an innovative attraction to bring in more clients?
A unique recreational offer to set you apart? The Waterboyz ice rink is the perfect option to add extra recreation and fun to your center.**

- Your community will enjoy the ice rink not only in winter, but also all year round
- **No cost! There is NO need for water, electricity or other utilities.** We simply install it and it can be used without depending on other factors.
- The rinks are made of modular boards that can be easily assembled and disassembled in any location. The modular surface is of premium quality and is self-lubricating.
- We guarantee the best sliding sensation on the market
- 10-year warranty, lifetime over 20 years
- They are also ideal for sports such as hockey and figure skating

Ideal for:

Shopping Malls, Theme Parks, Leisure Centers, Bowling Alleys, Ski Resorts, Hotels, Public Events

Our state-of-the-art technology is one of the cornerstones of your success. The strong commitment to research and development, together with the use of the highest quality materials, have yielded results: the best synthetic ice on the market.

Here's why:

- Higher molecular density
- Lower friction coefficient
- Durable and trouble-free connection system
- Fall cushioning
- Minimal wear on the skate blade
- Better sliding response
- UV treatment
- Minimum level of abrasion and surface wear

TECHNOLOGY

PANELS

LITE PANEL

- Requires a completely flat surface
- Easy to handle panels
- 5 years warranty
- 12 kg
- 1m Length x 1m width x 1cm thickness

PRO PANEL

- Recommended for intensive use
- Works even on slightly irregular surfaces
- 10 years warranty
- 38 kg
- 2m Length x 1m width x 2cm thickness

included in the offer

All panels are self-lubricating and of premium quality, offering the best glide on the market. Each panel comes with its original serial number, allowing you to ensure authenticity and quality.

BARRIERS SYSTEM

Hockey Barrier

Metal Frame

Polyurethane and fiberglass interior

included in the offer

Transparent Barrier

Aluminium Frame

Transparent polycarbonate interior

The two barrier systems offered: hockey and transparent, correspond to the two most requested types of ice rinks: leisure and sport. Both systems are 1.2m high and are perfectly suited for advertising and branding. Handrails come in 3 sections: straight barriers, curved barriers and closed barriers.

PACKAGE

✓ included

- Metal structure
- Supports 40 pairs

✓ included

Skating Aids

- The skating aids are made for all ages

✓ included

PRO Skates

- Up to 50 hours of sharpen-free skating
- Comfortable insoles
- Serial numbered blades
- Superior quality

✓ INCLUS

Skates Sharpeners

- The device can sharpen a pair of skates in 1-3 minutes
- Sharpening stones are easily replaced and require no special qualification

Cleaning Automatic Machinery

- Very easy to handle
- Small and foldable, easy to store
- Interchangeable rotating brush
- With soap container

✓ included

Rubber Floor

Placed in front of the access gate to the ice rink

✓ included

FAQ

What are the requirements for the installation surface?

It is very important that the surface is flat and level. If the surface on which it is to be installed is uneven or inclined, the installation of a technical floor is necessary to keep the ice rink stable and safe.

Can you place advertisements on the transparent barriers?

Of course you can!

Transparent handrails are specially designed for advertising posters, logos and banners.

What is the product's lifespan? How long can it be used??

The lifespan of the panels is 20 years for the Pro version and 10 years for the Lite version. We offer a 10-year warranty for Pro and 6 years for Lite.

What is the estimated shipping time?

The delivery time varies depending on the amount of orders processed at the time, the size of the order and the final destination. However, the shipping process normally takes 4 weeks.

CLASSIC RINK vs WATERBOYZ RINK 400m²

INSTALLATION

CLASSIC RINK

Delivery: 10-12 weeks

Installation: 30 days

Requires generator

Requires flooring and cooling through pipes

WATERBOYZ RINK

Delivery: Available in STOCK

Installation: 2 days

No generator required

100% mobile panels, no pipes and flooring

CONSUMPTION
