FAQ

1. What is the minimum required space for an indoor trampoline?

The indoor trampolines are designed around your space and budget without compromising on quality. A minimum space of **2 x 2 x 2.5m height** is recommended, plus the safety zone, at least 1m on the sides of the trampoline.

2. What are the age groups allowed?

- 3-12 years for indoor& outdoor trampoline
- no age limit for trampoline parks

3. What is the maximum allowed weight?

- maximum 45 kg per user for indoor& outdoor trampoline
- maximum 100 kg for trampoline parks

4. Where are the trampolines manufactured?

Because we are parents and we know what it means to take care of children, we use 100% high-quality materials of European origin.

5. What is the delivery time?

30 working days, from the moment of placing the order, depending on the complexity of the arrangement.

6. Is the installation included in the purchase price?

No. Installation is not included in the price. But Waterboyz can provide authorized installation.

7. What is the offered warranty ?

- Warranty for indoors: 10 years metal structure, 5 years for panels and 1 year for springs and mesh
- Warranty for outdoors: 3 years metal structure, 1 year for panels and 1 year for springs and mesh

8. Are the trampolines tested according to European Standards?

Yes, all the inflatables have EN 14960 certificate.

9. Is the assistance, 3D design and business plan free?

Yes. We provide consultancy regarding the design and choice of games that will be part of the trampoline structure.

PROFESSIONAL TRAMPOLINES

Trampolines are a key element in any play space. We offer you a variety of elastic trampolines, dedicated to the fun of young and old, easy to install both outdoors and indoors.

As a trampoline manufacturer, we have no limits in what fun means. We can add a lot of different play systems also for team playing such as dodge ball activity, a pit full of foam ball so that they can jump higher and drop in to the soft pit, and all these so that your children have the time of their life playing.

We offer you the best solutions, selected from a wide range of elastic trampolines, regardless of the value of the allocated budget.

Types of professional trampolines:

- **indoor** (Olympic, junior, with sponges, with balls, interactive with electronic system or trampoline parks)
- **outdoor** (Olympic, junior, bungee or kids tramp)
