Did you know that Waterboyz...

- ... installed the first PADEL court in Constanța at the Faculty of Sport within Ovidius University?
- ... installed the first hand-crocheted playground in Romania at Electroputere Mall Craiova?
- ... installed the first beach in Europe with an ecological ice rink. It can be found in Olimp resort, at Novum by the Sea?
- ... installed the largest trampoline park in Romania, located at High Jump Brașov?
- ... set up the biggest inflatable park in Romania, spanning 6,000 square meters in the Jurasica forest at the center of Neptun resort?
- ... developed the first profit-sharing program in the amusement industry, offering support to both public and private sectors through a tripartite partnership agreement, allowing equipment installation without purchase?
- ... is the most renowned company in Romania's playground industry? Waterboyz has contributed to the creation of numerous playgrounds in recent years, spanning cities like Bucharest, Cluj, Brașov, Timișoara, Constanța, Oradea, Sibiu, and Iași.

About Us

Waterboyz is a company situated on the shores of the Black Sea, providing playgrounds to Romania for over a decade. We offer comprehensive services, including acquisition, rental, support, installation, consultancy, and maintenance.

Our passion lies in modern playgrounds, and we firmly believe in the value of hard work. As one of Romania's most renowned companies in the playground industry, we are trusted providers of recreational equipment throughout the country.

Our goal is to be the number one choice for institutions seeking to provide durable playgrounds to their communities and companies looking to add value to their businesses.

With specialized consultancy services, we deliver unique and innovative projects, setting ourselves apart from anything else available on the market.

Outdoor Playgrounds

With a modern design and vibrant colors, Waterboyz outdoor playgrounds capture the attention of children of all ages. They are made from durable, high-quality materials and provide a safe and fun space for the little ones.

Fitness Energy Generators

The Fitness Energy Generators are intelligently designed to convert the kinetic energy produced during your workouts into electrical energy. As you engage with the fitness equipment, such as ellipticals, stationary bikes, or rowing machines, the integrated energy capture system goes to work, transforming your movements into usable electricity.
